WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than **450 000** of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pin of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co., - -	Waltham, Mass.
Amn. Watch Co. - - - - -	Waltham, Mass.
American Watch Co., Crescent St., - - - - -	Waltham, Mass.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

THURSDAY, MAY 12, 1870.

BEAUTIES OF RADICALISM.

If the Radical Convention now in session in this city is a fair index and representation of the party at present in the State, then we say, God save the State from the further curse of their control.

Yesterday, in the Radical Convention here, Pool, native, and Abbott, carpet bagger, unmuzzled their dogs in Tucker Hall, as will be seen from the proceedings. Such swearing, howling and confusion was never witnessed out of Pandemonium. It lasted all day and was continued by broken squads throughout the night.

All this grew out of disaffection, revolt and mutiny against Holden and his son-in-law, Louis, the former aspiring to Abbott's post in the United States Senate, and the latter trying to renew his hold on the Attorney Generalship.

The fight broke out on the attempt at a permanent organization of the Convention. The question was, Who shall be President, Senator Pool or Senator Abbott?—the selection of Pool being a Holden triumph, the selection of Abbott, the guaranteeing to carpet-baggers their present *status*.

Galloway, colored Presidential elector and "bosses of his party," was *anti*-Holden, or *pro* Abbott. Governor Holden, being chairman of the Executive Committee, availed himself of the position to steal a march on the Abbott-Galloway mutineers, and nominated Col. W. J. Clarke for temporary chairman, against which nomination many of the mutineers voted.

Treason, sedition and factious opposition to Holdenism prevailed all the morning. Passion, envy, venom and malice, showed their heads in every corner of the Hall, until, at the reassembling at four o'clock, the Lieutenant Governor, as chairman of the Committee of permanent organization, made his report. Then Bedlam broke loose afresh and the demon of discord and anarchy assumed control of the assemblage.

Even Marshal Carrow, with his portly form elevated on a chair, could not restore order, although he "cussed" and begged and begged and "cussed," it all did no good. A. J. Jones, who bought the cotton of Dr. Sloan, pointed in vain to the motto, "Let us have peace," suspended over the chairman's head.

Col. Clarke, the chairman, who served in the Mexican war, and in the late Confederate army, (and who is now undergoing a severer service than either,) was not to be overruled or run over by a negro, so, when Galloway, sometimes called "the brains of his party," but recently dubbed by some of his brother Reds, "big yaller," moved to strike out the name of his friend Mabson, as one of the secretaries, the chair ruled him out of order.

"Big yaller" persisted in his motion, when the chair again called him to order and told him to take his seat.

"Big yaller" being "union," and the chair being "secesh;" "big yaller" being right and the chair being wrong, the former would not "down" at the bidding of the latter.

White secesh ordering union negro down, was like the match to the train, it brought up every union negro at once, and a scene ensued, "big yellar" *evening* worse than our pious Governor. He said he had the Bible and the Constitution to back him, and a revolver in his pocket, and he'd "be d—d if he didn't mean to have his rights."

He said he was not afraid of Joe Turner nor the Ku Klux, and if Gov. Holden was assassinated he would burn the house of the biggest Conservative in Wilmington, with its whole family.

Sam Morphis, a decent colored man from Orange, after repeated attempts, got a chance to suggest to Galloway, that he had "never been to Orange yet."

Great confusion again ensued, and "the brains" went out to cool off, accompanied by Mayor Harriss, who counseled him to moderation. But "big yaller" swore, like the Governor, that New Hanover should "have her rights."

The devils all seemed broke loose again, and the uproar reached its acme. Many became clamed and left the Hall hurriedly; among them the Governor was seen to take his hat and retreat behind the scenes. In the midst of the confusion, one delegate was heard to cry out, "break up the d—d concern in a row; it was just got up to make Holden Senator and Olds Attorney General!"

James Pontleroy was seen in the moving mass, floating round like a cork in an eddy, and crying out, "Let Ramcat be heard! Let Ramcat be heard! and gentle peace will again wave her balmy wings over the Convention."

Clubs, sticks and pistols were visible, and oaths as deep as those used by the Governor to the Chief Justice, were heard in various parts of the Hall.

James Harris spoke, but his speech, though well worded, seemed to add fuel to the fire.

French spoke his old Wilmington speech modified, defying the natives and putting forth the claims of carpet baggers. It was sufficiently conciliatory, however, to bring Harris to his bosom.

Here the heat was so intense as to cause Galloway to retire to cool off again. While he was seated on the steps at Pepper's, he was accosted by three colored Holdenites, who upbraided him for his course in the meeting. A debate ensued and a crowd of Holdenites gathered around; Galloway turned to go in, when one of the mob cursed him; he then returned to the door and began to talk loudly.

The Chief of police came up and commanded silence; Galloway persisted, saying he knew his rights and would talk. The policeman then threatened to take him to the guard house.

Galloway said he was vindicating his honor, but he would go when commanded, only he would not be arrested and dragged there.

He was finally arrested and marched off to the guard house. As he was going, a delegate from Wilmington, named Rurk, went up to speak to Galloway, and at the same time a red shirted negro cried out to Galloway to shoot the police. "Chick" Haywood, colored, one of the most efficient policemen of the city, warned all, black and white, to keep off. Rurk approached, as his friends say, to speak to Galloway, when "Chick" gave him a touch with his "billy" and laid him on the pavement.

We saw and heard the blow, and thought, at the time, it ought to have fallen on Pool, Abbott, Heaton, Tourgee, or some other white man of the party, who is active in calling these poor ignorant laborers into Conventions, in order that *they* may fatten on the spoils of office.

JACOBIN CLUBS AND LOYAL LEAGUES.

The resemblance between the Jacobin Clubs of France and the Union Leagues of the South, is so striking as to present itself at once to every, even the most casual, observer. They are alike in secrecy; alike in the horrid black oaths they take to each other; alike in the composition of membership, each being composed of preachers, politicians and ignorant and debased men.

At first, each was very popular, proclaiming liberty and equality. Afterward each became engines of intimidation, and then dens of murder and barbarism.

For years the Jacobin Clubs of France held the people of that country in bondage and confusion, and in the end they governed by terror.

The laws in France, under the Jacobins, as in this State and the whole South, under the Leagues, were new and constantly changed. The tribunals of the country, in the one instance, as in the other, were hampered, the consciences of men enchained, and everything and every body were put under the surveillance of spies and informers, such as Holden inaugurated in this State under Colgrove, Bill Huskey, Booher, Parrott, Tolon and others.

The French Jacobins boasted that they carried on their political operations more by terror than force, and that a few timely murders and burnings had prevented the bloodshed of many battles.

Our Jacobins have imitated their French exemplars, by sending out troops to different counties, as in Jones, Alamance, and the negro troops to Scott's, in Wake. They have imitated them in their "timely" murders and burnings, as in the case of the murders in Green, Pitt, Craven and Jones, which are fresh in the memories of all.—And the burnings that have shed their lurid glare on the bosom of night, in almost every county in the State, from one end of it to the other.

In Orange three barns were burning at one time within sight of each other and the horses and grain were burned with the buildings. The Battle factory, gin and mills were burned in Edgecombe. In Chatham, last week, Mr. Boylan's barn with five horses was burned; in Caswell, this week, we hear of the burning of the barns of Mr. Lea and Mr. Hinton, together with all their tobacco, and last Sunday morning Mr. Branch, of this county, had his barn fired and was shot at fifteen or twenty times while attempting to extinguish the flames.

We shall notice further the analogy between these two organizations, as future developments may justify.

IN AT THE BACK DOOR.

We don't take turtle soup, but our Local does, and to-day, at 11 o'clock, he had a supply from Pepper & O'Connor's, (at which place, we learn there will be some more of the same sort to-morrow.) When the "devil" went to carry the dishes back, he saw His Excellency "Dad," with his State Treasurer and another converted secessionist, coming in at Pepper's back door.

We tell the Governor, his sin *will* find him out. He may go in at the back doors, and thus evade the observation of the editor of the SENTINEL, but he can't escape the notice of the "devil" nor of the Lord.

Patrick Henry, as is well known, was strongly opposed to the adoption of the Constitution of the United States as framed by the Convention of 1787, because he believed there was not sufficient protection thrown around the rights of the States, and that the Federal Government would tend to consolidation and the ultimate overthrow of republican principles. If he never claimed the prophet's prevision, he is certainly entitled to it in the verification of the following predictions:

"In time, as has happened in all other countries, the government will pass into the hands of some unscrupulous faction, bent on aggrandizing itself and its members at the expense of the country. * * They will rule your country with the sword. * * * Swarms of tax gathers will infest the whole land. * * The fate of all other Republics must be ours."

If such were his forebodings at the beginning of our political life, with the Constitution as it came undefiled from the hands of its patriotic framers, what would he now say, were he alive, of the dangers ahead, with the additional power attained by the imperialists in the last three amendments.—*Kentucky Yeoman.*

A CURIOUS MARRIAGE.—Just before the war a right funny as well as a mighty curious marriage came off at a place known as "the Depot" near Chapel Hill in in this county. The bride groom was a near sighted fellow who had been born with sore eyes; the parents of both bride-groom and bride were as blind as bats; the worthy and highly esteemed magistrate who united them was himself blind in one eye; and the first and only waiter was Mr. Lemuel Yancy, of this county, who is deaf and dumb. The parties all got on the shady side of the house and in a few minutes were made man and wife.—*Hillsboro Recorder.*

HOLDEN RADICAL CONVENTION.

EVENING SESSION.

WEDNESDAY, May 11, 1870.

The Convention met at 4 o'clock.

The Committee on Credentials reported the counties represented by delegates, and the following counties failed to re-spond:

Alexander, Cleaveland, Duplin, Moore, Onslow, Person, Polk, Richmond, Rutherford, Stokes, Union, Hyde, Lincoln and others.

Hanson Hughes (col.) arose to a question of privilege and said,

Mr. President. Though little and unknown, yet I am a Republican, and have supported the Republican party ever since its organization in this State, to the best of my ability. I have been assailed on this floor to-day in a most unjust manner by A. H. Galloway, delegate from New Hanover. The cause of the attack is entirely personal and should not have been made here. Some time since not knowing that *Mr. Galloway was connected with the Standard office*, I wrote an article for that paper reflecting somewhat on Mr. Galloway's political course, which was pocketed by him (Galloway.)

Hughes was here interrupted by Mr. Sam'l. Carrow, who arose to a point of order, which was that the misunderstanding between Hughes and Galloway was not proper business for the consideration of the Convention.

The President ruled the point well taken.

A. H. Galloway (col.) moved that he be allowed to continue.

Numerous motions to lay the motion on the table and *under the table* were made.

The President ruled them all out of order.

Hanson Hughes then said if he could not be heard, he would resort to the only course he had left for justice, to-wit, through the Public Press.

On motion of Jos. W. Holden, Col. T. L. Hargrove of Granville, addressed the Convention, appealing to them to stand united for the preservation of the Republican party.

Jos. W. Holden then followed in a short speech, and wound up by telling a vulgar story.

W. A. Scott of Guilford, was called out and spoke at length; referred to a split in the Democratic party which could not be healed by calling a State Convention, and alluded especially to the course pursued by Dr. Yates, as an evidence of the split.

Mr. T. R. Caldwell from the Committee on permanent organization, made the following report, to-wit:

FOR PRESIDENT.

Hon. John Pool, of Pasquotank.

VICE PRESIDENTS.

1st. District.—J. W. Newsom, P. K. Jones and Henry Eppes.

2nd. District.—C. H. Brogden, Jos Dickson and Geo. B. Willis.

4th. District.—Cuffee Mayo, P. B. Hawkins and J. B. Mason.

5th. District.—Wilson Carey, John M. Marshall and Henry Barnes.

6th. District.—J. Q. A. Bryant, Jno. McDonald and Dr. H. M. Pritchard.

7th. District.—Jacob W. Bowman, G. W. Dickey and W. A. McCall.

SECRETARIES.

1st. District.—B. H. Franklin, J. T. Reynolds and Saml. S. Carrow.

2nd. District.—W. P. Mabson, J. E. West and F. J. Johnson.

3rd. District.—Geo. I. Mabson, O. S. Hayes and Geo. A. Graham.

4th. District.—Chas. Sears, W. R. Richardson and Wm. Cawthorn.

5th. District.—S. A. Douglass, S. G. Horney and Talton Cox.

6th. District.—Wm. Beattie, Dr. W. H. Howerton and W. H. Lawrence.

7th. District.—W. S. Pearson, A. H. Dowell, E. R. Hampton and all of the Republican members of the Press who are present.

DOOR KEEPERS.

James H. Page, (ex doorkeeper of the Confederate Congress,) and James H. Jones, (ex body servant of President Davis.)

O. S. Hayes, delegate from Robeson and a Northern man, asked that his name be stricken from the report as one of the secretaries.

A. H. Galloway, col., moved that the name of his friend, Mabson, be stricken from the list as one of the Secretaries.

The President ruled that he was out of order.

A. H Galloway, col., said if the gag law was to be enforced and the New Hanover delegation denied their just rights, they would walk out of the Convention.

Here a considerable disturbance arose, the whole Convention were on their feet, all talking at once, amid the din, cries of let's break up the d—d thing in a row, let the New Hanover delegation go, they can not control the Convention. After considerable persuasion on the part of the leaders, quiet was restored partially for Gen. Abbott to address them.

Mr. Geo. Z. French, a Northern man moved that his name be stricken from the report as one of the Vice Presidents, for the reason that it was not made in accordance with a previous understanding.

It was well known that Mr. Pool did not seek the position of President, and it was believed that this whole arrangement had been made to injure Gen. Abbott and Northern men generally, who reside in the State. If such was the case he regretted it, but if the gauntlet is thrown down to Northern men they will take it up, and moved that when the report is considered the vote be taken by counties.

Mr. Jones, of Columbus, made a harmonizing speech.

Mr. Samuel Carrow made a harmonizing speech.

Mr. Jas. Font Taylor said *Ramcat* had not been heard from, and insisted in the name of the party, and in the interest of harmony and peace, on being heard, cries for Jim Harris, col., were too loud for Font to be heard, and he was squelched.

Jas. Harris took the floor and proceeded to make a harmonizing speech, but in his remarks said the Wilmington delegation was responsible for the whole disturbance. (Hisses.)

Harris said it was the nature of a certain kind of snake, to hiss. (Loud and continued hisses.)

Harris said if any man wanted to insult him, they could attempt it after he went out of doors if they choose, but any man who would so far forget his self respect, as to assume the form of a serpent was beneath his notice and too contemptible to insult him. He arose simply to express his regret at the unfortunate controversy which had sprung up. He was a strong personal and political friend of Genl. Abbott, and would do nothing to injure him nor any other northern man, he was a friend of the Hon. Jno. Pool and of Governor Holden, but he would not go as far as the delegate from New Hanover and support him unconditionally, but he would support him when he believed he was in the right. If the New Hanover delegation did not like the nominations made by the Committee, because some particular man was not proposed for President, that was no reason why they should get up and threaten to leave the Convention and break it up.

Mr. G. Z French. I desire to state for the New Hanover delegation and Mr. Galloway will bear me out, that none of the New Hanover delegates have threatened to leave the Convention because certain men were appointed or were not appointed to office. The remarks made by Mr Galloway in the heat of debate were, that, if the New Hanover delegation could not have a proper hearing before the Convention, that they would retire. There was nothing said about leaving on account of Mr. Pool's being made President, and the New Hanover delegation has no such intention.

A. H. Galloway, col., said that was the position he took, he simply moved to amend the report by striking out the name of his friend Mabson, and he was ruled out of order, contrary to all parliamentary law or usage. He was also a friend of Mr. Pool and of Gov. Holden, and in order to convince the Convention that he was a true friend of the administration, if Governor Holden is ever assassinated or killed, *he would mark, with chalk, the house of the biggest Conservative of New Hanover and they would burn it down*, INMATES AND ALL.—This is a specimen of the devotion of New Hanover Republicans to the administration. Tremendous applause.

Sam Morphis said the New Hanover delegation "*hain't* never been to Orange."

Galloway. Well I have been to Sampson, a d—d sight better place than Orange, and I say here, for the benefit of Mr. W. A. Graham, Jo. Turner and the other Ku Klux, that if I do go to Orange and get killed or Ku Kluxed, *some of them will suffer for it.*

Sam Morphis. How long have you belonged to that Clan?

T. R Caldwell made a *tender* appeal in the name of God and everything that was dear to Republicans, (especially the spoils,) for peace and harmony, (which quieted the hubbub, and apparently we had peace.)

The motion to strike out of the report the names of French, Mabson and Hayes, prevailed.

On motion, the name of Jas. Bowman was also stricken out.

The Secretary called the roll of counties and the report as amended was adopted as follows: Ayes 71, nays 19.

On motion of Mr. Abbott, the vote was made unanimous.

Little John pool, pretended to speak, and our reporter vanished, but the Convention soon adjourned to meet at 10 o'clock, to-day; the whole affair being closed with a short fight for the amusement of the audience out of doors.

A BOLD ATTEMPT AT ROBBERY AND A NARROW ESCAPE WITH LIFE.—We learn that on Monday night about nine o'clock, an attempt was made to rob the crib of Mr. Wm. H. Shields, who resides near Scotland Neck, resulting in a very narrow escape from death on the part of Willie Shields, a youth some seventeen years of age. Mr. Shields was absent from home, and his son Willie learning that some one was attempting to enter the crib, and arming himself with a pistol, proceeded to the spot and fired upon a person who was in the act of entering the crib. The party started to run, but at this moment a second party standing only some ten steps distant fired at the youth, the ball passing through the brim of his hat and narrowly missing his head. The parties then made their escape. This is one of the most dastardly attempts at robbery and murder we have recorded in some time, and we hope the desperadoes may in some manner be captured. We learn that Mr. Shields intends offering a large reward for their capture.—*Roanoke News.*

A bar of red hot iron entered the abdomen and passed through a workman's body in a Troy mill recently, but a physician is made to say that the wound is not necessarily fatal.

Fine stock Peas and white Beans, W. C. Stronach & Co.
Horse stolen—$25 reward.

Personal.—We were glad to greet at our office to day, T. H. Kingsbury, Esq., of Oxford. Mr. K. has been connected as editor and associate editor with several papers in the State. He informs us that he goes immediately to Virginia to canvass for the Brooklyn Life Insurance Company. Success!

Holden Radical Convention To day. The Convention met at ten o'clock, and after considerable debate and wrangling, succeeded in nominating S. F. Phillips, Esq., formerly of Orange, for Attorney General. He accepted the nomination in a speech of some length. The proceedings will appear in full to-morrow.

Grand Display.—The torchlight procession last night, in honor of the Radical Convention now in the city, was a tremendous success; it consisted of just seventeen little negro boys with torches.

Removal to Baltimore.—We have heretofore omitted to mention that our friend, Johnston Jones, Esq., late Deputy Clerk of the Supreme Court of North Carolina, has recently removed from this city to Baltimore, for the purpose of prosecuting his profession and trying his fortunes in the "Monumental City." Mr. Jones is a young gentleman of fine ability and excellent legal attainments, and we predict for him a career of success and distinction. We are sorry to lose our young men of promise from our midst, but we can follow them, at the same time, with our heartiest aspirations for their welfare. Mr. Jones has the best wishes, and excites the highest expectations, of very many friends in this community. He comes of an honored lineage, and he will never do it discredit.

Natural Consequence.—Last night a raid was made upon the hen-roost of Mr. A. A. Green, who resides about a mile or so from the city. Mr. Green, who paid us a visit this morning, to give us the facts in the case, says that he lost nine fine chickens. We did our best to console him for his loss, telling him that the robbery was a natural consequence attending the presence of so many Radicals in our city. When their Convention adjourns, we can promise a little more security to our friends for their chickens.

Refreshing.—The weather is becoming mild again—indeed it may be called warm, at least, warm enough to drink soda water and eat ice cream, both of which luxuries may be found, concocted in "the highest style of the art," at Moseley's, Fentress' corner, near Tucker Hall, where you can take your wives and children, if you have them, or your sweet-hearts, if you have nothing better, and treat them, like a gentleman ought.

Carolina Insurance Company—Gen. Hoke.—We committed, on yesterday, to call attention to the advertisement of the "Carolina Insurance Company," of Memphis, Tenn., of which Gen. R. F. Hoke is the General Agent for this State.

This is a new Company, organized by Southern capitalists, Hon. Jeff. Davis is its President; it is founded on a firm basis, and its management is in the hands of the highest integrity.

Gen. Hoke is well known throughout the State, and will make an excellent agent.—We welcome him to the city, and commend the company he represents to our readers.

Affecting.—Yesterday afternoon, in the Radical pow-wow now being held in this city; when the confusion was at its height and the maniacal scenes were being enacted, "Geo. Zee" French, known in Wilmington as the "Big Injun" sprang to his feet and in a few conciliatory remarks, sought to "pour oil on the troubled waters." Jim Harris (col.) who had for an hour or more endeavored to get a chance to say something, expressed his delight and appreciation of Geo. Zee's remarks and said he wished to embrace him, and sprang from the stage where he had been standing, to go through with the operation.

Geo. Zee, nothing loth, advanced from the body of the hall and met Jeems at the front of the stage, and it is said, they fell into each other's arms, Jeems' head resting gently upon George's snow white shirt bosom, with his arm turned lovingly around his neck. It was affecting; many wept and sobbed outright. For the only time since the assembling of the Convention, silence prevailed. Every body apparently overcome by the pathos of the scene.

But the silence did not continue long; one wretch, some hardened rebel, whose heart was devoid of the finer feelings of humanity shouted "Kiss him Giddings."

Jeems and George heard the cruel jest and with one more convulsive hug and tearful gaze into each others faces, mournfully separated and took their respective seats.

We learn from the Hillsboro' *Recorder* that on Wednesday, the 4th inst., three tobacco barns and all of the crop of tobacco of Gen. Wm. Lea, of Caswell county, were destroyed by fire, the work of an incendiary. Mr. Lea's loss is about $4,000.

The *Standard* will please put this upon its record of "outrages."

Another Item for the Standard.—On last Sunday night, near Milton, the large double barn of Samuel Hinton, Esq., was destroyed by fire, evidently the work of an incendiary. Fortunately the barn contained only a small quantity of tobacco.

Meeting of Clerks.—An adjourned meeting of the Clerks of this City, was held last evening at the Store of Mr. Lynn Adams. Capt. R. W. Justice, in the Chair, Mr. A. L. Adams was requested to act as Secretary.

The Committee who were appointed at the last meeting to draw up a petition to the merchants of the city, reported the following:

Raleigh, N. C. May 11, 1870.

To the Merchants of the City of Raleigh:

We, the undersigned, clerks connected with the various business houses of this city, after mature consultation and full discussion, beg leave to lay before you this respectful memorial and to ask your candid examination of the suggestions which they herewith submit.

They respectfully represent, that it would be to the mutual interest of employer and employee, that some systematic plan shall be adopted, by which stores and other places of business may be opened and closed at regular and uniform hours. Such arrangements have been effected in other communities with the most beneficial results. By giving to the employee certain time upon which he may always rely, and which he can devote to purposes of improvement, health, and recreation, he will be better fitted for the calls of business, and the employer will, in consequence, be the better served.

It is further respectfully represented, that in nearly all, if not in all, departments of business and trade in this city, except the mercantile, the hours of duty are fixed and regular.

We would most respectfully urge these and other considerations, too manifest to require statement. Therefore we most respectfully petition the heads of the various business houses in this city, by *mutual* consent and agreement, to open their places of business at sunrise all the year round, and to close at 7½ o'clock P. M., from May 1st to October 31st, and at 6 o'clock P. M., the remainder of the year, Saturday nights excepted. And we also cordially invite all persons who feel an interest in the welfare of the Clerks, to unite with us in this petition, by signing it before presentation to the Merchants.

Very Respectfully,
Your obed't. servants,
[Signed by the Clerks of the City.]

On motion, that part of the clause of the petition which relates to opening, was stricken out.

On motion, the petition was further amended by making the hour for closing, half past 7 o'clock.

The petition was then adopted.

A committee of two, consisting of Messrs. B. W. Justice and N. W. West, was appointed to wait upon and obtain the signatures of the absent clerks, and then present the petition to the merchants and other business men of the city, for their approval.

On motion, it was agreed that the Summer should be be considered as commencing with May, and ending with October; the Winter from November to April inclusive.

On motion, it was agreed, that with and by the consent of merchants and other business men of the city, this petition shall go into effect from and after the 16th inst.

On motion, the meeting adjourned to meet again on Friday, the 13th inst.

B. W. JUSTICE, Chm'n.
A. L. Adams, Sec'y.

Accident.—Yesterday afternoon, a colored deaf and dumb woman, walking on the track of the Chatham R. R., about a mile above Raleigh, was knocked off the track by the cow-catcher of the engine, breaking her ankle. She was painfully though not seriously injured, and we are glad to learn is doing well at present. On the arrival of the train she was carried to the colored department of the Institute for the Deaf and Dumb and the Blind, and placed in charge of the physician of the institution.

No blame can be attached to the engineer, as the train was rounding a curve and he did not see the unfortunate woman in time to stop the train.

Prices for Land in Hillsboro.—Go 'way with your poor land! we pay prices for land in this section. A lot of eight acres lying just outside of town was sold to Mr. J. W. Norwood the other day, one of the finest agriculturalists in the county, for eight hundred dollars. Only *one hundred an acre!*

Prostration Played Out.

Violent purgatives, emetics, salivants, blistering and bleeding have had their day.

The sick can no longer be persuaded that the best way to cure them is to destroy the little strength that disease has left them.

Dyspeptics instead of dosing themselves with epsom salts, aloes, colycinth, jalap, and other powerful cathartics tone their digestive organs and regulate their bowels with Hostetter's Stomach Bitters.

Persons of bilious habit, instead of throwing the whole glandular system into a state of morbid irritation with mercurial poison, seek relief, and find it, in the operation of that wholesome vegetable alterative upon the disordered liver.

Nervous sufferers, tremulous, weak and despondent, recruit their shattered energies with a course of the great invigorant, and bless the day when the adulterated liquors of commerce were superseded by a medicated stimulant perfectly efficient and entirely harmless.

Travelers by land and sea repose in the possession of an agreeable corrective, which protects them from the evil effect of malaria, from sea sickness, and from the disturbing influences of changes of temperature, and change of water.

The weak and debilitated feel their strength return, and their spirits revive under its bracing, appetising, gently exhilarating action.

It is the only stimulant which cautious physicians can conscientiously recommend to ladies in delicate health, or to the aged and decrepid.

There is not a city, town, or settlement, on the American continent, where it is not recognized as a household remedy, and a safeguard against epidemics; and, in short, whenever there is intelligence, prudence and common sense, Hostetter's Stomach Bitters is pronounced a standard specific, for which, in the whole range of pharmacy, there is no substitute or equivalent.

Wednesday Night Dispatches.

WASHINGTON.

Washington, May 11.—Revenue to-day $444,000.

The nominal defeat of the Northern Pacific Railroad bill caused much comment. It was backed by an immense lobby force. This action is not regarded as detrimental to the Southern Pacific Railroad, as the most objectionable features of the former is not in the latter.

The bays on the bill appropriating $500,000 for a new building for the State Department were as follows:

Messrs. Casserly, Chandler, Cragin, Harlan, Harris, Howard, Howe, Kellogg, Morton, Pratt, Schurz, Sherman, Spencer, Sprague and Yates.

Mrs. McFarland Richardson's card covers nine columns of the New York Tribune.

Bills were introduced granting lands to the Alabama and Tennessee R. R. co.; subsidizing the Semi-monthly steamship line between New York and Valparaiso and other Pacific ports.

The appropriation bill was considered and an amendment enlarging the Capitol grounds at an expense of $500,000, was adopted.

House.—A bill was offered and referred, to repeal the act of 1800, authorizing the states of Maryland and Georgia to levy a tonnage tax on vessels.

A bill was introduced providing for the better protection of the frontier of Texas.

The tariff bill was taken up and discussed until adjournment.

House in session to-night.

To-day's *Tribune* says: "Mr. Wilson consents, we are sorry to see, that the clause of his army bill, reducing the forces to 25,000 men, shall be struck out on the argument of southern Senators, that it won't do to take any troops from the South, and on that of Western senators, that additional forces are needed in the West to fight the Indians.

It does not appear to have been suggested to the Southern gentlemen that a safer policy for their section, would be to rule by love and amnesty, rather than fear and proscription. The Western Senators will discover eventually, what they do not appear now to know, that, it is cheaper to feed than to fight the Indians.

* * * * * * * *

We suggest that the further military occupation of the South, and an expensive war in the West, are not absolutely essential to the well-being of the Republic.

FOREIGN.

London, May 11.—The American yacht "Sapho" won the race. The "Cambia" returned to Cowles without rounding the stake boat.

Paris, May 11.—The troubles throughout the city last evening were more serious than was anticipated. The authorities were forced to make a large display of military power in order to restore order.

The barricades which had been erected in the Belleville district were subsequently defended by the rioters, though they were subsequently carried by the soldiers at the point of the bayonet; several were killed and wounded on both sides.

During the night other engagements occurred, in which a number of soldiers, policemen and citizens were killed.

The Belleville district was occupied during the night by the military in great force, no person was allowed to pass. The police made several charges upon crowds of people collected out of curiosity, and in some cases used swords, and sung shots, whereby many were seriously injured, mainly those who had nothing to do with the disorder.

The police and rioters used firearms freely, but the troops made no use of any of them, but during the night a company of cavalry were assailed with a shower of stones and becoming exasperated fired on the assailants. This is the only instance where the troops have departed from the determination only to use firearms as a last resort. The workmen are out in greater force than on any previous occasions.

Perfect order was restored before daylight.—No signs of trouble now.

The Government has not relaxed its precaution to guard against future disorders.

Toronto, May 11.—It is feared that Sir John A. McDonald will die in a few hours.

Thursday Evening Dispatches.

WASHINGTON.

Washington, May 12.—The House is considering the report of the Committee on the decline of American commerce.

Senate.—The bill reducing the army is up. The amendment making the strength 30,000 instead of 25,000, was adopted.

The Committee on Commerce agreed to the bill for the survey of the Rappahannock river, Virginia.

Governor Bullock has not yet put in an appearance in obedience to the summons from the Judiciary Committee.

The House Committee on Elections this morning agreed to pay Lieutenant who have contested seats in the House, but who have been ruled out, as follows: Snyder $3,500, St. Martin $2,500, McCrary $3,000 and Hunt $1,500.

FOREIGN.

Sweet Quinine
Is a Recent Improvement.
Replaces the use of the Bitter Sulphate Quinine, with which all are familiar.
Dose for dose, it is
Warranted
Fully equal in every way to Bitter Quinine,
And, like it, is the one
Great, Positive, and Unfailing
Cure
For all Diseases of Malarious Origin.
Fever and Ague,
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague,
and the long train of disorders following these when neglected.

Sweet Quinine
is made solely from Peruvian Bark (as is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

Sweet Quinine
acts as an antidote to, as well as a cure for, malarious or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

Sweet Quinine
over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to the use with most persons, as it always with children.

Sweet Quinine
is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

PURELY MUTUAL. DIVIDENDS PAYABLE AT THE END OF THE FIRST YEAR AND ANNUALLY THEREAFTER.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" after the third, fourth, or fifth premium.

One hundred Dollars paid in dividends, at the end of *one* year, and each year thereafter, equals four hundred and thirty-six dollars paid at the end of four years, interest at six per cent.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The Brooklyn Life enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation *depends*.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, and *a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the Brooklyn Life.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it,

Protected by Copy right for 28 Years from May 9th 1865.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurous to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

Testimonials without number from citizens of this, as well as those of other States might be published, but the above is sufficient. Any person having the light can make 6 to 10 bbls., of the Fluid in an hour.

CAPITAL STOCK, (PAID UP,) $150,000.00!

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES B. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

UNPREJUDICED SUCCESS

Paris Exposition, 1867.

Medal Awarded by the Imperial

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparatively noiseless, easily understood, and in a word it combines with those ADVANTAGES, EXCLUSIVELY ITSOWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

HON. ELIZUR WRIGHT, of Mass., Consulting Actuary.
PRINCIPAL OFFICE AT ST. LOUIS, MO., OLIVE STREET, No. 313.

No Life Insurance Company in the United States offers superior advantages for insurance or investment, than the St. Louis Mutual. It is managed by gentlemen of the highest capacity and standing and it enjoys the largest confidence of those acquainted with Insurance Companies.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly and its investments are made on the most solid basis, being principally in improved real estate worth twice the amount invested, paying ten per cent per annum.

All its Policies are non-forfeitable and all participate in its profits from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, and the profits of its business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.
